

D-A-CH Cooperation Meeting

As a transnational platform for knowledge exchange and cooperation in the fields Smart Grids and Electromobility, the Smart Grids D-A-CH cooperation will again use the Smart Grids Week to move forward. Together with the participants, the Leaders of the three Task Forces Standardization, Business Models and Data will push the preparation and implementation of the work program. Separate rooms will be available for this purpose. The agenda and the group of participants will be shaped individually by the Task Force Leaders.

The Steering Committee will also meet and is looking forward to the presentation of progresses by the Task Forces. The agenda will be developed by the Coordinators and will be provided to the participants.

10:00-13:30 D-A-CH Cooperation Meeting

14:15-17:30 Project Forum

18:00 Steering Committee

20:00 Ars Electronica Center – Deep Space (3d cinema) followed by a dinner in the CUBUS restaurant (exclusively for the participants of the workshops) at the invitation of Energie AG Oberösterreich
