TASK 4: CLIMATE NEUTRAL DISTRICTS

EXPERT WORKSHOP ON

Stakeholder Engagement and Governance Frameworks

Help Shape The Future Of Climate Neutral District Implementation !

The Task 4 invites researchers, city representatives, policymakers, practitioners, and industry experts to participate in an interactive workshop focused on stakeholder engagement and governance for Climate Neutral Districts (CNDs).

WORKSHOP DETAILS

Duration: 2 hours

Format:

Interactive online workshop

Date: 11.11.2026, Wednesday

Time: 14:00 – 16:00

Platform: Zoom

SCAN ME

Together, we will:

- Develop preliminary stakeholder engagement and governance frameworks for CNDs.
- Identify key stakeholders, their roles, needs, and engagement barriers.
- Explore governance structures, coordination mechanisms, and enabling policies.
- Prioritize actions and recommendations to support district-scale climate transitions.

Workshop Highlights

Through interactive polling, breakout discussions, and collaborative MIRO exercises, participants will contribute to:

- **Stakeholder Engagement Frameworks** – identifying key actors, engagement strategies, and implementation barriers across different district transition pathways.
- **Governance Frameworks** – exploring leadership, coordination, regulation, financing, data governance, and accountability for CNDs.

The workshop will conclude with a collaborative prioritization exercise to identify the most important stakeholder groups, governance layers, and enabling actions.

Expected Outcomes

- Preliminary Stakeholder Engagement Framework
- Preliminary Governance Framework
- Prioritized stakeholder and governance recommendations
