

Round Table „Sustainable Planning“ 20. April 2005  
Study Tour „Sustainable Urbanism“ 21./22. April 2005

Tübingen  
Universitätsstadt

## European Networks on Sustainable Planning

This open meeting will bring together a round table consisting of representatives of key networking organisations promoting sustainable planning in Europe. Our aim is to share and disseminate the results of the EU ECOCITY project in which Tübingen has participated from 2001 - 2004. We are inviting the round table members to exchange their recent work and experience in the field of sustainable planning. It is an opportunity to explore together how we can enhance co-operation amongst organisations seeking to offer professional support to local practitioners, in order deliver best practice planning throughout Europe.

### Programme

(Arrival previous day)

- Wednesday, 20.4.** Tübingen's Historical Townhall
- 09:30 • Opening / *Eric Ponthieu EC DG Research Brussels*

### Registration Deadline

Please book your hotel accommodation as soon as possible. The reservations we have made in the Hotel Krone and Hotel Kupferhammer will expire on March 24th.

## From ECO Architecture to Sustainable Urbanism

European Developers and Planners will visit outstanding award-winning residential and mixed-use projects in Tübingen and its vicinity, that demonstrate how the integration of key sustainable elements can have multiple benefits. These most recent types of „Sustainable Urbanism" have the potential to raise, at one stroke, the environmental, social and commercial value of the sites.

### Programme

- Thursday, 21.4.: Examples in Tübingen**
- 09:30 Opening in Tübingen's Historical Townhall, Keynote Introductions
- 12:00 Lunch in the Südstadt
- 14:00 Excursion and discussions: French Quarter, Loretto area, Public Utility Company
- 20:00 Reception in the Town Hall, meeting further local stakeholders from Tübingen's political, economic and the scientific sectors
- Friday, 22.4.: Examples in the region**
- 09:00 - ca. 20:00 Bus Excursion to visit further examples in the region: Freiburg Vauban, Stuttgart Scharnhäuser Park and Asperg Arkadien
