

# The European Heat Pump Association EHPA

Karl Ochsner (Chairman)

Agenda IEA HPP Workshop, 9th November 2010 - AIT Vienna

1

## European Heat Pump Association (EHPA) Vision and Objectives

### Vision:

Establish **Heat Pumps** as a widely recognized technology providing heating, cooling and sanitary hot water for residential, non-residential and industrial applications.

Agenda IEA HPP Workshop, 9th November 2010 - AIT Vienna

2

## European Heat Pump Association (EHPA) Vision and Objectives – main objectives

- Promote awareness and proper deployment of heat pump technology
- Disseminate information & educational material to users and all industry stakeholders
- Undertake strategic studies with the EU and other interested bodies

## European Heat Pump Association (EHPA) Vision and Objectives – main objectives

- Provide technical and economic advice to European, national and local authorities in legislative, regulatory and energy efficiency matters
- Coordinate labelling initiatives & cooperate in matters of certification

⇒ **Create appropriate recognition for a favorable market environment!**

## European Heat Pump Association EEIG (EHPA) »products« and activities

- European **education and certification program** for heat pump installers (EUCERT) in AT, BE, DE, SE, FI, FR, UK, SZ, IT (planned)
  - Common training material for heat pump installers
  - Mutual recognition of qualification in participating countries
  - Certification according to EN 17024
- **Project participation** (QualiCert, SEPEMO, Ground-MED, Ground-Reach, Sherpa etc.)
- **Policy monitoring and information dissemination** with stakeholders (MEP)

## European Heat Pump Association (EHPA) »products« and activities

- **Active involvement** in the development of norms and standards
- **Intensive cooperation** with national heat pump associations as partners
- **Heat Pump Statistics** – European Market outlook

### OUTLOOK 2010

European Heat Pump Statistics | Summary

## European Heat Pump Association (EHPA) »products« and activities

- **EHPA quality label for heat pumps**
  - Based on measurements according to EN 14511 in accredited labs
  - Additional requirements: 10 years spare part guarantee, existing service network, installation manual in local language

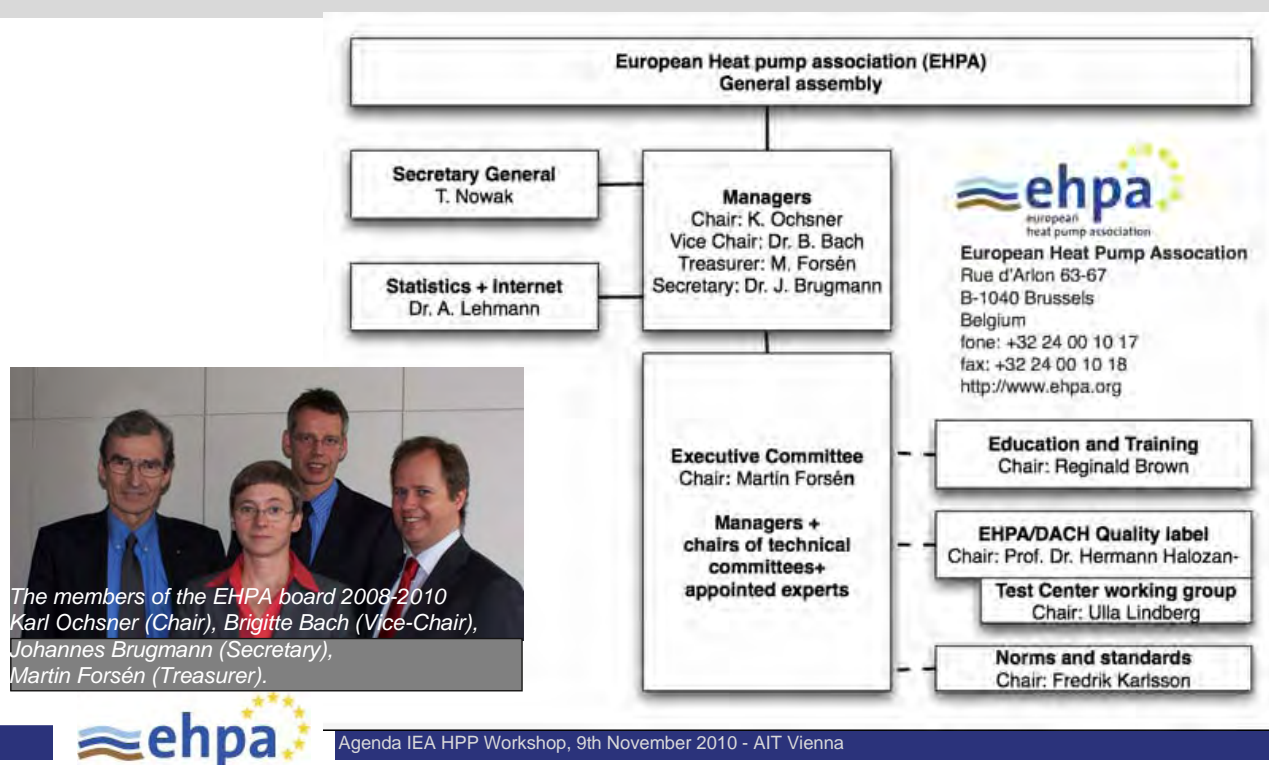

## European Heat Pump Association (EHPA)

- **90 members from 20 countries (status 09/2010)**
  - Heat pump manufacturers
  - Component manufacturers
  - National associations
  - Consultants
  - Research & test institutes
- **EU-wide representative of heat pump industry**
- **Registered in Brussels**

**EHPA represents the majority of players  
in the EU heat pump industry!**

## European Heat Pump Association – Organisational structure

## The European Heat Pump Association

EHPA was established in the year 2000 as a European Economic Interest Group to **promote awareness and proper deployment of heat pump technology in the European market place for residential, commercial and industrial applications**. EHPA aims to **provide technical and economic input to European, national and local authorities** in legislative, regulatory and energy efficiency matters. All activities are aimed at **overcoming market barriers and dissemination of information** in order to speed up market development of heat pumps for heating, cooling and hot water production.
