Gender
and
Energy

Empowering all.
Gender in policy and implementation
for achieving transitions to
sustainable energy

Anna Åberg, Task Leader.

Chalmers University of
Technology

Identified gaps and barriers

- The research – policy gap
- The policy – implementation gap
- Gender blindness in technology design

Gender blindness and user blindness are connected

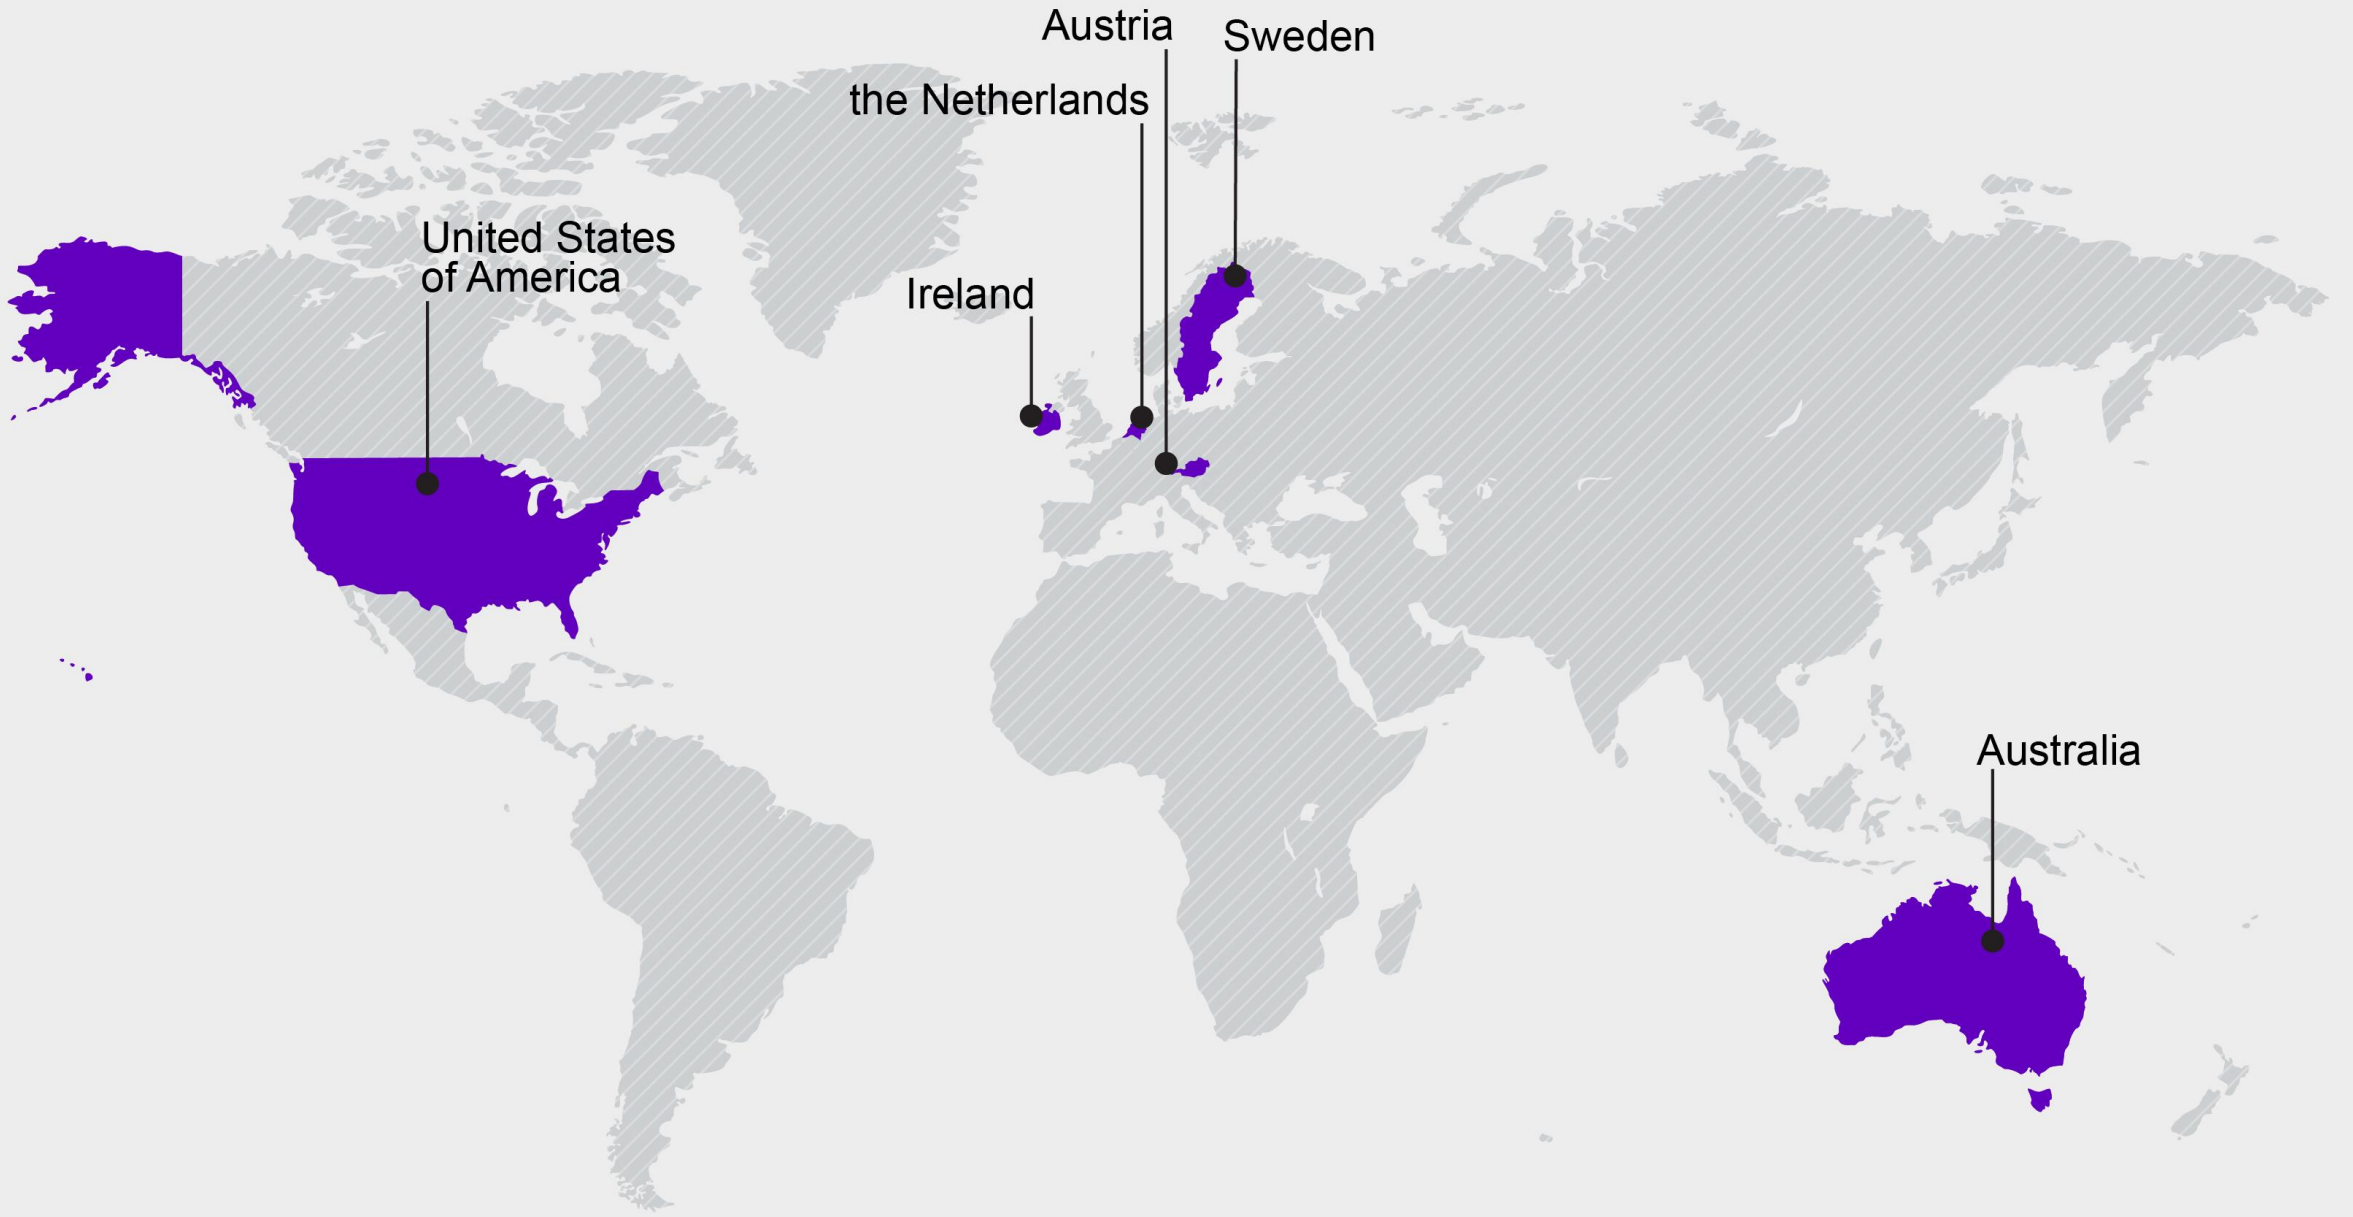

Subtask 1:
*Learning across
regions and best
practices*

Subtask 2:
*Understanding and
countering systematic
inertias in the energy
system*

Subtask 3:
*Designing inclusive
and efficient
technological
interventions*

- Formulating research-based and gender-aware policies
- Identifying barriers for policy implementation and designing ways to overcome them
- Developing efficient and inclusive design processes and technologies.
