

Re-Sourcing Commons

Social Design - Arts as Urban Innovation
University of Applied Arts Vienna

- **Urban waste** mainly attributable to construction sector
- **Circularity potentials** of public space design
- **Challenging standard materials and routines** in urban design
- **Considering social dimensions**
- **Transferable and scalable** approach

Challenges

- **Unlearning routines and standardized procedures**
- **Re-thinking budget allocations**
- **Project phase "zero"**
- **Limits in implementation**
- **Pilot project to city-wide guidelines**
- **From theory to practice**

Potentials

- **local actors and knowledge**
- **Interdisciplinarity**
- **City as endless resource**
- **Open source**
- **Care and maintenance**
- **Scalability and transferability**
- **CO2 Balance**

Thank you!
