# Action plan on Clean Transport

## Mobilitätswende 2030

## Process towards the action plan

- Assessment report mobility (Sachstandsbericht Mobilität) – finalized by summer 2018
- Action plan Clean Transport – finalized by fall 2018
- Strong stakeholder consultation accompanying this process

**From 2030 onwards: 100% zero emission registrations of cars and LDV  
From 2040 onwards: 100% zero emission registrations of HDV and busses**

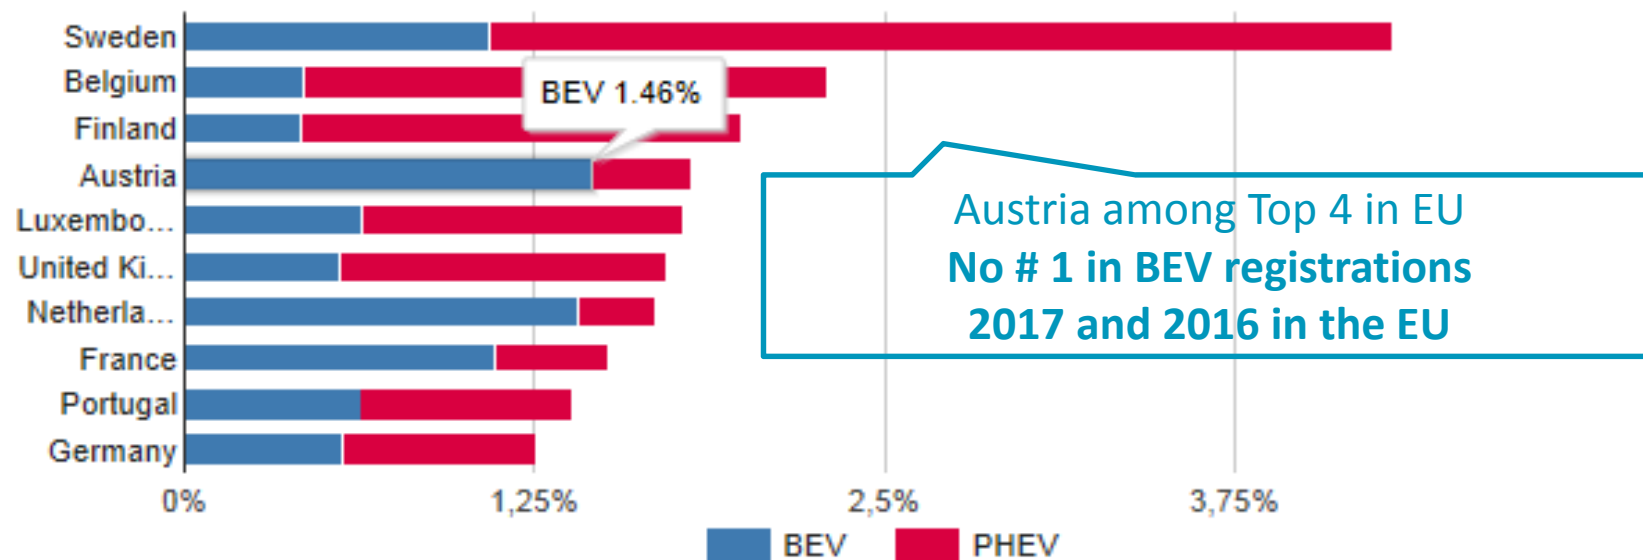

**Public procurement: 100% zero emission registrations by 2028**

**Demand-based infrastructure rollout & improved regulatory framework for  
infrastructure in buildings until 2020**

**Road**

## Electrification of road transport

### Status Quo: EV share in new vehicle registrations 2017 EU-28
